

Maths Year 5 Unit3 Week 3 (T3) Multiplication and Division B Week 3 - 2023-24 (4.2.24)

Work to Praise and Share

- Sylvie is great as usual, and is a good example of someone doing extra work and being very proud of some of the things she has learned.

Support Needed

- Sienna works hard but struggles a bit.
- Ella also likes to sit at the front for support
- Ethan is all at sea again.

Presentation Highlights

- Serenna's presentation is good.
- Felix's is interesting - he does work around the answers as if in a rough book. I like it.
- Ella's work is beautiful

Basic Errors

- With short division, one or two are still crossing out part of the dividend and then rewriting it when carrying. Not necessary and confusing them.
-

Next Lesson Steps

- Problem-solving
