

## Maths Year 5 Unit4 Week 3 (T4) Perimeter and area Week 1 - 2023-24 (27.3.24)

### Work to Praise and Share

- Very good initial measuring from Olivia, Jack G, Bethany, Corey, Freddie, Toby T, Jack B, Liam, Phoebe, Leonardo, Camden and Scarlett W
- Meghan also worked well on measuring independently
- Camden and Olivia were very good at working out the missing lengths in rectilinear shapes
- Mostly very good at finding the perimeter of polygons

### Support Needed

- Jago - lots of help needed to use a ruler correctly
- Scarlett A-C, Lucy, Azor, Mason, Scarlett W and Romeo found it very hard to add any measurements with a decimal to a whole number

### Presentation Highlights

### Basic Errors

- More practise needed with measuring and being specific
- Also need to become more consistent with writing 'cm' or 'mm' next to the numbers in their answers
- General lack of accuracy when measuring or finding the missing lengths on rectilinear shapes

### Next Lesson Steps
