

Maths Year 5 Unit5 Week 1 (T5) Shape Week 1 - 2023-24 (2.5.24)

Work to Praise and Share

- All had a good idea of half turns and full turns, and are becoming more accurate with 90 degree turns.
- Most very good with using a protractor to measure angles of up to 180 degrees.
- Jack G, Teddy C and Toby T very good at measuring angles with a protractor.

Support Needed

- Alejandra and Noah needed help to measure angles accurately.

Presentation Highlights

Basic Errors

- More work needed on the difference between 45 degree and 90 degree turns.
- Most found measuring accurately with a protractor tricky.
