

Maths Year 5 Unit5 Week 2 (T5) Shape Week 2 - 2023-24 (9.5.24)

Work to Praise and Share

- Most of the class fine with adding to, and taking away from, 360 and 180 degrees.
- Those that reached the two-step questions showed a good understanding of the process - Corey, Bethany, Maia, Emily-Rose, Toby T, Jack B
- Azor worked very hard to correct his answers when finding lengths and angles in shapes

Support Needed

- Jago, Meghan and Hana needed help with adding to and taking away from 360 as well as 180 degrees.
- Mason found finding lengths and angles in shapes hard

Presentation Highlights

Basic Errors

- Mason, Romeo and Azor were capable but continued to make sloppy errors when adding or taking away
- Georgie G and Noah were very good at adding to/subtracting from 180 at times, and at other times seemed to be writing random numbers
