

Maths Year 5 Unit6 Week 1 (T6) Decimals Week 2 - 2023-24 (27.6.24)

Work to Praise and Share

- Most children good at adding and subtracting numbers with different number of decimal places (provided they have aligned the decimal points in their column method)
- Most children good at finding and continuing decimal sequences
- All comfortable with multiplying decimals by 10
- Most ok with multiplying decimal numbers by 100, and a few can even multiply these by 1,000

Support Needed

- Mason, Scarlett A-C, Noah, Georgie G and Maia struggled with multiplying decimals by 100.

Presentation Highlights

Basic Errors

- Noah, Levi, Georgie G and Toby T confused with when to write '0.4' or '0.04.'
- Some children misplacing, or forgetting completely, the decimal point when writing their answers but quickly sorted and fine afterwards.
