

Maths Year 5 Unit1 Week 3 (T1) Place Value 3 - 2024-25 (23.9.24)

Work to Praise and Share

- Most very good with comparing and order numbers (greatest and smallest etc) up to 100,000
- Albie, Sam, Ben and Lucas very good at comparing and ordering numbers up to 1,000,000
- Lucas, Ivy, Sam, Max and Ben H very accurate with their rounding to the nearest 10, 100 or 1,000

Support Needed

- Araya and Millie-Anna struggled with comparing and ordering numbers
- Millie-Anna, Oscar and Araya struggled with the concept of rounding, even when using the number of 0s to help them (eg, you are rounding to the nearest 10 so your answer only needs one 0)

Presentation Highlights

Basic Errors

- Some children automatically thinking the question wants them to find the greatest number from those given - more practise needed when reading questions properly, especially those that ask for the smallest given number or for the numbers to be put in descending order
- Millie, Theo, Claudia, Keegan, Caine, Olivia, Jensen and Lyla not always linking the number of 0s and what they need to round to - even just adding 10/100/1,000 to the given number in some cases.
