

Maths Year 5 Unit2 Week 4 (T2) Fractions A2 - 2024-25 (3.12.24)

Work to Praise and Share

- Most of the class good at comparing fractions using the numerator and denominator, but many (mainly lower middle ability) struggled with ordering them.
- More able members of the class becoming more aware of the type of question where they need to make all of the denominators (and in some cases, numerators) the same.

Support Needed

- Less able children plus Jensen, Claudia, Theo, Elsie, Skyla and Caine found concept of ordering fractions very tricky - needed help in a small group led by an adult for several questions

Presentation Highlights

Basic Errors

- not reading the question (ascending/descending, greater/smaller) properly
